Asian Art at LSK

Established in 1869, Lacy Scott & Knight has a proud history of selling antiques and works of art from our purpose-built Auction Centre, located in the heart of historic Bury St Edmunds, Suffolk. As one of the largest salerooms in the East of England, we host a diverse range of specialist and general sales throughout the year.

To further enhance our Asian Art sector, we are delighted to welcome Dr. Jun Kong – a Cambridge graduate and experienced Chinese art collector – to lead the department and oversee two specialised Asian Art sales annually, offering collectors a unique opportunity to acquire exceptional pieces.
