Friday 25th August 2023

IMPORTANT NOTICES

Special attention is drawn to the Terms of Sale published on our website and displayed in the saleroom. If you require a printed copy then please contact our offices on 01284 748 625 or fineart@lsk.co.uk

The staff at the Auction Centre welcome your custom and hope that the following information makes your buying visit as simple and enjoyable as possible.

Please note that both rooms running simultaneously from 9.30am

How to Bid:

If not attending the auction in person, you can leave commission bids through our website, by email to fineart@lsk.co.uk, or telephone 01284 748 625. We are happy to arrange telephone bids on those lots with estimates above £200 – there is no additional surcharge for this service.

There is also **free live online bidding via our website** – for those of you who do not already have an account, please set one up through the 'My Account' tab on our home page. Once you have registered you can leave commission bids until half an hour before the sale, after which this will switch to 'Bid Live' where you can click and watch and bid on the sale in real time.

Alternatively, you can bid live via thesaleroom.com – many buyers will already have an account on here, but please note that there is a 4.95% plus VAT surcharge for this platform.

After the auction you will be sent an invoice by email or post; where possible we respectfully ask you to pay your invoice remotely; full details will be on your invoice. We are open for collections only 9am-5.30pm Monday to Friday – no appointment necessary. Alternatively, we offer a full in-house shipping service – details in this catalogue and on our website.

Good luck with your bidding, and if you do require any further information or images, then please don't hesitate to contact us, preferably by email at fineart@lsk.co.uk.

Condition Neither the Auctioneers nor the Vendor are responsible as to the condition of lots listed. The absence of any such reference does not imply that a lot is in good order or free from imperfections or repairs. Condition reports can be compiled and extra images taken upon request, but must be considered solely as a matter of opinion and not fact. Purchasers are reminded that goods become the sole responsibility of the buyer at the fall of the hammer.

Electrical goods. These are sold as "antiques" only. If you buy electrical goods for use you must ask a qualified electrician to check them for compliance with safety regulations before you use them.

VAT VAT at the prevailing rate is payable on top of the hammer price on those lots marked (*) in the catalogue.

Buyer's Premium All lots are sold with a Buyer's Premium of 22.5% (unless otherwise stated), this figure is also subject to VAT at the prevailing rate e.g. a buyer with a hammer total of £100 will have a gross invoice of £127.

Selling Rate Our auctioneers sell at approximately 120 lots per hour, buyers are advised to make sure they are in the saleroom at least 20 minutes before a lot is expected to be offered in case the auctioneer is ahead of schedule.

Payment You can pay by card securely through our website or telephone with your debit / credit card details (Not AMEX or Diners Club). Bank transfers can be made to:

BANK: Lloyds **CLIENT:** Lacy Scott & Knight LLP **ACCOUNT NO:** 32257868 **SORT CODE:** 306422
SWIFT/BIC: LOYDGB21666 **IBAN:** GB71LOYD 3064 2232 2578 68

Collection/Delivery All lots must be removed from the Auction Centre by midday on the Tuesday following the sale unless prior arrangement has been made with the auctioneers. Lacy Scott & Knight offer a full local collection and delivery service which is charged at £50/hr plus VAT.

Packing and Postage Most UK parcels can be sent in-house for our flat standard rate of £20 for up to 3 lots and £1.50 per lot thereafter, please contact our offices for overseas shipping quotes. For high value lots we recommend MailBoxes (info@mbemail.co.uk). If you choose an alternative courier we can pack for £8 per parcel.

We use APC Couriers and everything is sent 24 hour tracked and signed for. Some exclusions apply for larger lots such as dinner services, please contact our offices for a quote with regards to larger or bulkier lots. Jewellery, watches, coins and high value small items will be charged at £15 and sent by Royal Mail Special Delivery with maximum insurance of £2500.

Please note that this service is NOT insured, therefore if purchasers require further cover, then they must arrange this themselves. Alternatively we can send by Parcelforce 48 with insurance charged at £4 upto £500 cover, £8-£1000 cover, £12-£1500 cover and £20-£2500 cover. Lacy Scott & Knight accept no liability for items which are damaged or lost during postage, and cannot and will not assist in any claims unless insurance cover has been taken out.

Please give clear instructions when settling your account as to your shipping requirements so that we can process full payment and ship within 10 working days.

STEAM

1 Mamod RS1 Live Steam Train Set, comprising of 0-4-0 locomotive, coal wagon, lumber truck, track, fuel tablets and leaflets, in the original window box, appears unused. Instructions and catalogue present. **£140-200**

2 A Mamod SW1 boxed live steam wagon comprising green and white body, includes original printed box and accessories. Model appears heavily used and needs a new drivechain. condition is good. **£70-100**

3 A Hornby live steam 00 gauge boxed Mallard gift set, comprising of LNER 4-6-2 Class A4 live steam powered Mallard locomotive, with a quantity of track, control units and transformers, housed in the original polystyrene packed box, with various paperwork, box shows signs of moderate wear to the lid and sides, but contents are excellent to near mint. **£250-350**

4 A Mamod Traction Engine and Trailer Set No. TWS1 comprising a yellow & black engine & trailer, appears to be unused and is still with its original box **£70-100**

5 Wileco Germany, live steam plant comprising of horizontal boiler raised on tin-printed housing, complete with burner, safety valve and whistle, boiler connected to a single cylinder horizontal engine with flywheel, chimney missing **£50-80**

6 A Roundhouse Models gas powered 45mm gauge 1 scale locomotive, finished in maroon, with hinged roof to reveal backhead controls, marked Roundhouse, free running example, together with a quantity of Brandbright Steam Oil, model would benefit from cleaning and has been used **£400-600**

7 A Mamod SW1 steam wagon comprising of blue and white body with red spoked wheels, complete with burner, scuttle and steering rod, loose example in good clean condition **£70-100**

8 A Wileco D52 marine steam engine housed in the original card box, comprising of boiler, burner, engine and a quantity of solid fuel tablets **£70-100**

9 A Mamod live steam 0-4-0 tank locomotive comprising of green body, housed in the original window display box with funnel, burner, and fuel tablets, box requires some restoration **£70-100**

9A A Mamod SA1 steam roadster of usual specification comprising of white body with red spoked hubs, used example **£70-100**

10 A George Carrette vertical live steam boiler, comprising of cast iron base with original burner, sight glass, manometer, safety whistle and various other accessories, powering a 4" spoked flywheel, height 37cm **£200-300**

11 A Doll et Cie vertical live steam boiler comprising of cast iron red and green lined base with original burner and firebox door, with sight glass, manometer, weighted safety and whistle, powering a 3" spoked flywheel, free running example, marked DC to manometer, height including chimney 33cm **£150-200**

12 A Doll et Cie portable live steam engine, comprising of horizontal boiler with original burner, and DC trademark to rear, complete with sight glass whistle, horizontal single cylinder engine, powering a 3" spoke flywheel, later powering the chain driven rear wheels, model has had some restoration and overpainting, height including chimney 26cm, length 19cm **£300-500**

13 A Bing No. 849 vertical spirit fired live steam engine comprising of cast iron green and maroon and later red lined base, with sight glass safety whistle and take off powering a vertically situated single cylinder engine with slip eccentric, powering an opposed 3" spoked flywheel, height 27cm, free running example **£100-150**

14 A German spirit fired horizontal steam boiler, comprising of tin housed horizontal boiler with safety whistle and single oscillating engine powering twin opposed 2.5" flywheels with filler cap and safety whistle raised on a wooden base, height 22cm, model is nicely detailed with a dummy ball governor **£80-120**

15 A Bing style spirit fired overtype live steam engine comprising of a horizontal tin housed boiler complete with filler cap, safety whistle, to power a single cylinder horizontal engine with slip eccentric and 2" spoked flywheel, raised on a tin and handpainted in red and yellow base, height 24cm **£80-120**

16 A Doll et Cie spirit fired live steam plant comprising of tin housed brass boiler, with filler cap and simple single cylinder engine, powering a 2" flywheel with take-off, fully raised on tin plate base, height 22cm **£70-100**

17 A very well engineered early 20th century live steam plant comprising of spirit fired vertical boiler with safety whistle filler cap and take-off, powering an A-framed vertical single cylinder steam engine, fitted with slip eccentric boiler cuffs, and 2.5" flywheel with further take-off, fully raised on brickwork effect wooden plinth, height to the top of chimney 27cm, length of base 23cm **£100-150**

18 A Fleischmann style spirit fired live steam plant comprising of tin housed horizontal boiler with filler cap, safety whistle and take-off, powering a single cylinder horizontal engine, with slip eccentric and 3.5" spoked flywheel, raised on repainted green stepped tinfoil base with chimney, height 33cm, base 23x24cm **£100-120**

19 A Bing and later stationary spirit fired overtype steam engine comprising of tin housed horizontal boiler with safety whistle and filler cap powering a simple single cylinder steam engine with 3" spoked flywheel raised on tinfoil base with column support, height 25cm **£60-80**

20 A German stationary spirit fired steam plant comprising of tin housed boiler with original burner, safety whistle, filler cap and weighted safety, powering a twin cylinder horizontal steam engine with centrally situated 3" spoked flywheel, raised on tin plate base, hand painted black, and lined red and green with original chimney, maximum height 33cm, free running example **£200-300**

21 A Bing vertical spirit fired steam engine comprising of cast iron maroon painted and stepped base with a vertical boiler, comprising filler cap, safety whistle, powering a vertically situated single-cylinder engine powering an opposed 2.5" spoked flywheel, height 25cm **£80-120**

22 A Bing style or similar vertical spirit fired steam engine comprising of red painted cast metal base with vertical boiler, comprising filler cap, safety whistle, and vertically situated single cylinder engine powering a spoked 2" flywheel, maximum height to top of chimney 23cm **£70-100**

23 A pair of vertical spirit fired German live steam engines, the tallest 25cm, both of usual specification, comprising vertical boiler, with filler cap, safety and spoked flywheels, raised on tinfoil bases **£70-100**

24 A collection of three various Mamod Fleischmann and Josef Falk vertical and horizontal steam engines, to include a Fleischmann vertical, Josef Falk vertical and a Mamod horizontal, all free running condition, and raised on tinfoil stepped bases **£100-150**

25 A pair of freelance design stationary spirit fired live steam plant to include an L Raes & Co. of London, circa 1948 steam plant, together with one other Mamod style example, max height 13cm, both free running **£70-100**

26 A pair of German style Fleischmann and similar vertical steam boilers, both spirit fired of usual specification with filler cap, single cylinder engine powering spoked flywheels, both free running examples max height 23cm **£70-100**

27 A Tucher & Walther live steam powered African Queen tin plate boat, comprising of spirit fired vertical boiler powering twin propellers housed in the original all-card and labelled box, free running example, with original mast, length 34cm **£70-100**

28 An early 20th century spirit fired live steam plant comprising vertical spirit fired boiler with safety whistle and filler cap, powering a twin cylinder oscillating steam engine with centrally situated 2" spoked flywheel and further pulley take-off, raised on wooden plinth, max height 20cm **£60-80**

29 A Bowman Models & Latimer Productions live steam plant group to include a spirit fired Bowman horizontal engine, powering a twin cylinder oscillating steam engine with 1" unspoked flywheel take-off, fully raised on Meccano style base, together with a Latimer Productions similar example, maximum height 19cm **£80-120**

30 A Bowman Models spirit fired live steam plant group, both examples in heavily used condition with some restoration, the largest measures 20x15cm base plate, models require some restoration **£80-120**

31 A collection of three spirit fired live steam engines, to include a Latimer Productions model L5, housed in the original box, together with one other, and a Mamod style horizontal steam engine, also sold with an associated oil can **£70-100**

32 A German style horizontal spirit fired steam engine, unmarked example, comprising of tin housed horizontal boiler with filler cap, safety whistle and

horizontal single cylinder air engine, powering an unspoked 6cm flywheel, max height 33cm **£60-80**

33 A Burmac Products circa 1947 vertical spirit fired steam engine on heavy weighted base, of usual specification, free running example, height 22cm **£60-80**

34 A Mamod, and later adapted, TE1A traction engine, hand painted in maroon with home-made wooden canopy, complete with scuttle and burner, together with a Wileco water trailer and a quantity of oil cans, funnels and fillers **£80-120**

35 A Gamages of London, possibly Marklin vertical spirit fired steam engine, comprising of cast iron open sided base with original burner, powering a 45° angled single cylinder engine with opposed 2.5" flywheel with further take-off complete with filler cap, safety whistle, and oiler cup, height 20cm, free running example **£80-120**

36 A Mamod and ESL stationary steam plant group, both spirit fired examples, both free running, raised on original raised bases, models require some restoration **£60-80**

37 A Mamod and later restored horizontal steam plant comprising of tin housed boiler with filler cap and single cylinder engine, powering an opposed 2" flywheel, restored example, raised on Meccano base plate, height 16cm **£30-50**

38 Marklin (Germany) No.16051 Steam Engine, reproduction of a Marklin steam engine from the 1930's, high and low pressure compound cylinders horizontally mounted powering two large flywheels, with double stepped speed pulley grooves, centrifugal regulator fully raised on tinplate sheet metal base. fitted with large steam dome and weighted safety valve, steam whistle, steam cut off valve, sight gauge, burner and other expected fitting, housed in a polystyrene packed box **£500-700**

39 3.5 inch gauge to Stuart Turner Designs Coal Fired Atlantic Live Steam Locomotive and Tender, hand painted green with GNR 6 Wheel tender, Number 251 to cabsides, of usual specification with each access to back head controls, sold with 2 original Stuart Turner Blueprint Plans, well engineered and free running **£1,200-1,500**

40 A very well engineered 2 inch scale live steam Burrell Thetford Town Scenic Showmans Engine, coal

fired with wooden removable canopy for access to controls, fitted with twin dynamos, model requires some restoration for completion, built by Alan Victor Woods in the late 1980s, model was displayed at Bressingham Steam Museum from 1993 to 2020, length 111cm **£1,500-2,000**

41 A well-engineered from Polly Models Castings, stationary model of a Stockport Vacuum Engine, for spirit or gas-fired use, finished in base metal components comprising of a single vertical cylinder with balanced crank and oiler cups, with an eccentric driven flame valve to the base, powering a large spoked 6" flywheel, raised on wooden base, no burner, maximum height including base 28cm **£400-500**

42 A well-engineered model of a H Clarkson & Son of York vertical single cylinder steam engine, comprising 2 inch bore by 2 inch stroke, vertical single cylinder supported on trunk guide with open disc crank, eccentric driven steam valve, with wheel operated direction control, hand painted in green and black, with Clarkson to base, free running example with builders plaque to read R.A.Fella 2007, height 36cm **£400-600**

43 A kit built vertical Stirling Type Vacuum Engine, made by David Bull Wisbech 2014, housed in a glazed display case with burner, height of case 26cm **£80-120**

44 Mini Kit Designs, vertical sterling hot air engine, 3.5 inch centrally positioned fly wheel, wick burner raised on tripod base with circular plinth, housed in a glazed trapezoid display case **£80-120**

45 A Bing and later adapted stationary steam plant comprising of spirit fired horizontal Bing boiler powering a twin cylinder compound horizontal steam engine with twin 4 inch fly wheels and take off, raised on wooden plinth with chimney, height to top of chimney 46cm **£300-500**

46 Gakken of Japan, Otona No Kagaku Science and Technology Stirling Engine Kit built model car, Rhombic Drive Beta Design, well-finished example and housed in a glazed display case, built by David Bull 2011 **£80-120**

47 A well-engineered model of a Stationary Horizontal Live Steam Mill Engine, comprising of large single cylinder with slip eccentric, displacement lubricator, drain cocks and oilers, free running

example fitted with reverse level, powering a large spoked 6 1/4" fly wheel, hand painted in green and red, with brick effect wooden base, raised on wooden display plinth with glass case, height of case 27cm, length 40cm **£400-600**

48 A very well-engineered live steam model of a Foden Sandbach showmans engine, named Hero, comprising of single cylinder engine with forward and reverse level, worm link steering, ramsbottom safety, steam whistle, and other expected fittings, free running, length 52cm **£800-1,200**

49 Engineers Scratchbuilt model of a single-cylinder hot air engine, comprising of large horizontal heat exchanger, with take off power a scotch crank engine housed in clear acrylic block, complete with single wick burner and fully raised on wooden plinth, height 17cm, length 27cm **£150-200**

50 Doll, Germany, early steam toy accessory, water mill with hand or steam engine driven pulley to drive as disc with miller and donkey, dummy water wheel, very good condition with DC transfer, from the Clibbon collection **£100-120**

51 Freelance design scratchbuilt model of a Hero Aeolipile AD10 Steam Turbine Engine, built by David Bill 2015, **£100-120**

52 A finely engineered Upright Vertical A Frame Engine, for compressed air use, comprising of a rear situated vertical single cylinder with slip eccentric, powering a 4.5" flywheel, hand painted in blue and housed in a glazed display case, Height of Engine 19cm, Makers Plaque to read Refurbished 2018 David Bull Wisbech **£150-200**

53 H Clarkson & Son of York vertical single cylinder upright steam engine, comprising 2 inch bore by 2 inch stroke, vertical single cladded cylinder supported on trunk guide with open disc crank, eccentric driven steam valve, with wheel operated reverse control, hand painted in grey and black, with rubbed off Clarkson to base, free running example with builder's plaque to read David Bull Wisbech 2018, raised on wooden base with perspex case **£500-600**

54 A very well-engineered miniature horizontal stationary steam engine, raised on wooden plinth with perspex display case, height of case 8cm **£60-80**

55 A very well engineered gauge 1 spirit fired live steam locomotive and tender comprising of 4-6-0

wheel configuration with 6-wheel tender, hand painted in dark green with LMS livery and black main boiler section, easy access to backhead controls comprising of sight gauge, regulator, draincocks, all powered by a six wick spirit burner, model is built to a good standard, raised on an oak display plinth **£800-1,200**

56 A Mamod live steam 0-4-0 spirit fired locomotive, rare example, finished in light blue, model is in good clean condition, production run of this particular model was only two years **£80-120**

57 Mamod TE1 Live Steam Traction engine, of usual specification and colour way, with a steering rod, in good clean condition **£50-70**

58 An early 20th century Tethered Hydroplane Boat, titled Firely, circa 1940s, very well made example constructed from aluminium and pressed aluminium parts, fitted with a Atom engine and powering a single propeller, the model is finished in red and is supplied with a quantity of plans and a details regarding the builder Harold Puntis, length 98cm **£300-400**

59 An very well made scratchbuilt model of a Tethered Hydroplane Boat, titled Spook, circa 1930s and built by Charles Booth of the Fleetwood Club, Kipper box style rectangular hull of wooden construction with slipper stern, the engine is a scaled down version of a Aspin/Cross rotary valve, four stroke engine. Model is hand painted in light blue with yellow Spook lettering, this lot is supplied with a number of blueprints and drawings, along with a quantity of paper work relating to the builder and history, length 96cm **£400-600**

60 A very well made scratchbuilt model of a Tethered Hydroplane engine, circa 1930s and titled Snipe, originally built by Charles Booth and later restored by Peter Hill of the Retro Racing Club, wooden stained hull with RAF Roundel to bow, single propeller powered via a 30cc overhead camshaft four stroke motor that Charless Booth built. Conventional style single step boat and history suggests this was built in 1933. The model is supplied with a collection of plans and blueprints together with a detailed history of the model supplied by the vendor, length 100cm **£400-600**

61 A kit built radio controlled model of a radio controlled PT-15 Torpedo boat, well made example, supplied with a quantity of drawings, instruction leaflets and ephemera, the kit is by Robbe, together

with a Futaba No. 2 Ripmax hand controller, excellent example in good clean condition, length 85cm **£100-150**

RAILWAYANA

62 A Midland Railway cast iron bridge notice sign dated Derby April 28th 1875, white on black example, 51x68cm **£70-100**

63 A Midland Railway James Williams cast iron June 1893 Prosecution Notice, white on red example, with six fixing holes, 68x51cm, appears original **£80-120**

Postage & Packing

Most UK parcels can be sent in-house for our flat standard rate of £20 for up to 3 lots and £1.50 per lot thereafter, please contact our offices for overseas shipping quotes. For high value lots we recommend MailBoxes (info@mbemail.co.uk). If you choose an alternative courier we can pack for £8 per parcel. We use APC Couriers and everything is sent 24 hour tracked and signed for. Some exclusions apply for larger lots such as dinner services, please contact our offices for a quote with regards to larger or bulkier lots. Jewellery, watches, coins and high value small items will be sent by Royal Mail Special Delivery with maximum insurance of £2500.

Please note that this service is NOT insured, therefore if purchasers require further cover, then they must arrange this themselves. Alternatively we can send by Parcelforce 48 with insurance charged at £4 up to £500 cover, £8-£1000 cover, £12-£1500 and £20-£2500 cover. Lacy Scott & Knight accept no liability for items which are damaged or lost during postage, and cannot and will not assist in any claims unless insurance cover has been taken out.
